Additional borrowing	
What types of additional borrowing can be taken?	Customers can take additional borrowing through a cash reserve facility (if a flexible product option was chosen), or a further advance. Please see below for more information.
What LTV is available for additional borrowing?	A cash reserve facility's amount is fixed before the outset of the mortgage, and is based on the historic LTV of the product that was secured initially at loan completion. The LTV available for a further advance will be capped at the prevailing LTV at the time a customer chooses to apply. This LTV may be higher or lower than the LTV available today.
What interest rate is applied to additional borrowing?	The interest rate applied to each cash reserve facility withdrawal or further advance is based on the prevailing cash reserve facility interest rate or further advance interest rate on the product at the time your customer chooses to apply. This interest rate may be higher or lower than the interest rate which is applied to their initial advance. Our current additional borrowing interest rates can be found on our website.

Cash reserve facility	
Is a cash reserve facility available?	Yes.
Does a cash reserve facility affect the interest rate?	No.
What is the minimum cash reserve facility available?	£1,000.
What is the maximum cash reserve facility available?	It is calculated as the amount available within the chosen product LTV range, minus the initial advance.
Can my customer make voluntary contributions?	Your customer(s) will be entitled to pay up to 10% of each withdrawal amount each year, without an early repayment charge (ERC).
Minimum withdrawal amount?	Minimum withdrawal amount is £2,000. If the amount remaining in the cash reserve facility is less than £2,000, they can withdraw it but must do so in full.
Maximum withdrawal amount?	The full amount remaining in their cash reserve facility.
When can withdrawals be made?	Withdrawals can be made at any time, and as frequently as your customer wants. All we ask is that only one request is in progress at a time.
How long does each withdrawal take?	We will endeavour to release the payment as soon as is reasonably possible, but it may take up to 30 days.
When can my customer apply?	Your customer can apply at any time, but completion will be subject to bankruptcy checks being satisfied and our charge having been fully registered with Land Registry.
What fees are payable?	We do not charge a fee when your customer makes a withdrawal from their cash reserve facility.
If your customer makes a withdrawal, does it impact when they can make voluntary contributions?	No, it does not impact when a voluntary contribution can be made.
Does the amount in the cash reserve facility change?	No, it is fixed at the outset. It does not increase with age or property value. If you protect equity at the outset, reducing it will not increase the amount available in the cash reserve facility (but will increase the amount available as additional borrowing).
Is the cash reserve facility guaranteed?	The cash reserve facility may not be guaranteed in all circumstances. There are certain situations where it can be reduced, removed, or adjusted (for example, if your customer ports to a lower value property). Please see our Terms & Conditions for further details.

Further advances	
Are further advances available?	Yes, subject to lending criteria at the time of application.
Is further financial advice required?	Yes.
Which product can it be taken on?	Your customer must stay within their original product LTV range, and they cannot switch to a new product. For example, if they originally took Lifestyle Select Gold, they can only apply for the maximum available within the Gold LTV range.
Can my customer make voluntary contributions?	Your customer(s) will be entitled to pay up to 10% of each further advance amount each year, without an early repayment charge (ERC).
Minimum amount?	£4,000.
Maximum amount?	The maximum amount available within the product range.
What fees are payable?	Completion fee = £0. Your customer may need to pay a valuation fee and/or a financial advice fee.

If my customer has a cash reserve facility, can they still take a further advance?	Further advances can only be taken when the cash reserve facility has been cleared in full.
