

Life Insurance plus Critical Illness

Key Facts

This document explains the main points of our individual Life Insurance plus Critical Illness policies. Unless specified otherwise, it covers **Level Term**, **Level Term with the inflation linked option** and **Decreasing Term** policies. Please read it with your Acceptance Terms and keep it with the documents relating to your policy.

The Financial Conduct Authority is the independent financial services regulator. It requires Canada Life Limited to give you this important information to help you to decide whether a **Life Insurance plus Critical Illness** policy is right for you. You should read this document carefully so that you understand what you are buying and then keep it safe for future reference.

These terms apply to policies issued on or after 7 March 2019.
Different terms apply to policies issued before this date

Key Facts

Life Insurance plus Critical Illness

Our policy is designed to make a payment if you or one of your children die during the term of the policy or suffer one of the specified critical illnesses. If you have a Decreasing Term policy, the cover amount decreases each month over the term of the policy.

This document covers both Level Term and Decreasing Term policies.

You may see our Life Insurance plus Critical Illness policies called CanProtect Level Term Plus and CanProtect Decreasing Term Plus in other policy documentation.

Your cover

Will make a payment if you:

- die, or
- are diagnosed with, or undergo the specific surgery described for, one of the listed core critical illness conditions or one of the listed additional critical illness conditions and survive for at least 14 days from when you are diagnosed; or
- are diagnosed with a terminal illness and are not expected to live more than 12 months.

Will make a payment if one of your children:

- dies; or
- is diagnosed with, or undergoes the specific surgery described for, one of the core critical illness conditions, one of the additional critical illness conditions or one of the children's specific critical illness conditions and survives for at least 14 days from when they are diagnosed.

Your commitment

- To make regular monthly or yearly payments until the policy ends.
- To let us know if any information about you is incorrect.
- To answer all questions in the application honestly and take care to make sure you answer correctly.

Risk factors

- If you stop paying, your policy will end 60 days after your last payment and the cover will end.
- If the information you or your professional adviser provided about you (for example, your age, height, weight, smoking status, medical history, hobbies and pastimes) is incorrect then the policy may not pay out or may pay a reduced amount.
- You can read the full terms and conditions in your **Policy Details** (reference ID10007) which, together with the information provided about you online, form the legally binding contract between you and us. This is based on our understanding of relevant legislation as at June 2022 and could be subject to change in the future.
- If you are in any doubt you should seek professional advice.

What is the policy and when does it pay out?

- It is an insurance policy that makes a payment if you:
 - die or become totally and permanently disabled¹ during the term of the policy, as stated in your policy schedule which accompanies your policy provisions, or
 - are diagnosed with a terminal illness while the policy is in place and are not expected to live for more than 12 months.
 - are diagnosed with, or undergo the specific surgery described for, one of the specified core critical illness conditions (see page 7) or one of the specified additional critical illness conditions (see page 8). You must survive for at least 14 days from when you are first diagnosed in order to make a claim.
- If you make an additional critical illness claim, the policy will pay 25% of the cover amount, up to a maximum of £25,000.
- For the Life Insurance plus Critical Illness Decreasing Term policy, the cash sum reduces each month over the life of the policy.

Provided the rate of interest on your loan does not exceed 8%, the value of your Life Insurance plus Critical Illness Decreasing Term policy, should be sufficient to repay the loan. This assumes you take out enough insurance and your mortgage repayments are up to date.

¹ If you have Total and Permanent Disability cover.

- You can take out the policy on your own life or jointly with someone else, usually a partner, spouse or registered civil partner.
- The policy ends once the full payment has been made as a result of your death, a terminal illness, an adult core critical illness condition or, if included, total and permanent disability.
- We will make the payment to the person entitled to receive it.
- If we make a payment for an additional illness claim or children's specific critical illness the policy will continue in case you need to make another claim.
- The policy also provides serious accident benefit for adults.
 - We will pay £7,500 if you are in a hospital or another recognised medical establishment, with physical injuries for a minimum of 28 consecutive days immediately following an accident. Your physical injuries must have resulted solely and directly from unforeseen, external and visible means and must be independent from any other cause. The maximum number of serious accident benefit payments is 2.
- You can cancel the policy within 30 days of receiving the document 'Cancellation Form' from us (see page 13).
- The policy has no saving or investment element and can not be changed for cash at any time.

What benefits are provided for children under our policy?

- Children's critical illness cover is provided for all eligible children (see page 9 for the definition of an eligible child).
 - We will pay 50% of the cover amount, up to a maximum of £25,000, if one of your children is diagnosed with, or undergoes the specific surgery described for:
 - one of the core critical illness conditions listed on page 7; or
 - one of the children's specific critical illness conditions listed on page 9; or
 - We will pay 25% of the cover amount, up to a maximum of £25,000, if one of your children is diagnosed with, or undergoes the specific surgery described for, one of the additional critical illness conditions listed on page 8.
 - We will pay 50% of the cover amount, up to a maximum of £25,000, if a claim cannot be made under any other core or child specific critical illness and your child is diagnosed with a terminal illness and is not expected to live for more than 12 months.
 - We will pay the children's funeral cover of £10,000 if one of your children dies.

Children's specific critical illness conditions

A child becomes eligible for the children's specific critical illness cover 12 months after the start of the policy.

- **Cerebral palsy**
- **Children's intensive care benefit**
- **Cystic fibrosis**
- **Hydrocephalus**
- **Muscular dystrophy**
- **Spina bifida myelomeningocele or myeloschisis**

Definition

An eligible child is a...

- natural child;
- legally adopted child (who will be covered from the date of their adoption); or
- step child by marriage or registered civil partnership (who will be covered from the date of marriage or civil partnership);

and who is:

- younger than 18 years; or
- younger than 22 years and attending school, college or university full time during the period of cover (this includes work placements but excludes breaks from education, such as a gap year).

All children's core, terminal illness and additional critical illness claims must be in respect of an eligible child who is:

- at least 30 days old when symptoms began or the condition becomes evident or death occurs (children's funeral cover).

What other benefits or options are available?

Accidental Death Benefit while we assess your application

The unexpected can happen at any time so we provide free accidental death benefit for up to 90 days while we are assessing your application, up to the time we offer terms under which we will cover you. The amount of cover is the total life cover on all your applications up to a maximum of £300,000.

The cover starts once all the application details have been submitted and ends when the first of these events happens:

- 90 days from receipt of the application details; or
- We accept, decline or postpone cover; or
- You indicate that you do not want to proceed with the application.

The benefit is paid on the death of an applicant as a result of bodily injury caused by accidental, violent and visible means. Death must occur within the 90 days period.

We will not pay any claims where the accidental death is caused by suicide, self-inflicted injury, hazardous pursuits, alcohol or drug abuse, war or civil commotion, flying (other than as a passenger in a commercially licensed aircraft) or accidents that happened before you applied.

The death benefit will only be paid once either under the Accidental Death Benefit or the policy itself.

Waiver of premium benefit

You can add waiver of premium benefit at the start of your policy for an extra cost:

- We will pay your premiums if, before your 70th birthday or the end date if earlier, you are unable to work as a result of illness or incapacity (subject to a minimum deferred period of 13 weeks).
- When you make a claim under the waiver of premium benefit then we will assess the claim against the occupation you had when you took out the policy.
- When you no longer meet the eligibility criteria your claim will end and you will be responsible for paying premiums again.
- The waiver of premium benefit can be removed from the policy at anytime. However, once the benefit has been removed it cannot be re-added.

Total and Permanent Disability

You can add total and permanent disability benefit at the start of your policy for an extra cost:

- We will make a payment if you become totally and permanently disabled and the disability is expected to last throughout your lifetime with no prospect of improvement.

Inflation-linked option

You can choose to add the inflation-linked option to Level Term plans at the start of your policy to help protect the cover amount against the effects of inflation. Each year we will give you the option to increase your cover amount by the change in the Retail Prices Index (RPI). We will limit the increase in RPI to a maximum increase of 10% and it will never go down if RPI turns negative.

Your premiums will increase at a higher percentage than the cover as the cost of providing cover gets more expensive with age.

If you decide not to increase the cover amount we won't offer to increase it again.

This option is not available to Decreasing Term policies.

Increase options

Circumstances change over time and you may want to increase your cover. Our policy may allow you to increase it at specified events without needing to provide further information about your state of health.

Increase options are included in your policy unless our quotation (also called Personalised illustration or Acceptance Terms) states they are not included. These are only available if you are aged 54 or under when you make the increase.

At any single specified event the most you can increase by is 50% of the initial cover amount or £150,000, whichever is lower. You can increase your cover amount again at subsequent specified events up to a total maximum increase in the cover amount of £200,000.

The specified events we allow are:

- Getting married or entering into a civil partnership; or
- Birth or adoption of a child; or
- Increasing your mortgage due to moving into a new property or making home improvements; or
- An increase in your salary of 10% or more as a result of promotion, gaining a recognised professional qualification or change of employer or job.

If the increase option does not meet your needs or is not available, you may still be able to change your policy, however you will have to provide up to date information about your state of health and lifestyle.

Is there a maximum amount of Life Insurance plus Critical Illness cover I can have?

Yes, the table below shows the maximum amount of cover you can apply for based on your age at the time of your application:

Your current age(s) when you applied for the policy	Maximum cover amount
18 – 40	£750,000
41 – 45	£450,000
46 – 50	£350,000
51 – 60	£200,000
61 – 65	£100,000
66 and over	£0

- These limits:

- apply across all of your Life Insurance plus Critical Illness Level Term and Decreasing Term policies but do not apply to any other Canada Life policy.
- apply to each adult individually. For example, for 2 adults, both aged 50, taking out a joint life policy, the maximum cover amount would be £350,000. If the same adults took out 2 single life policies then the maximum amount of cover under each policy would also be £350,000.
- do not include increases in sum assured after the policy has commenced as a result of use of the inflation-linked option or the use of an increase option.
- If at the point of making a claim it becomes evident that the total of cover, for all of your Life Insurance plus Critical Illness policies, is more than the limits shown, then we will pay the relevant limit (shown above). We will refund any overpaid premiums.

How much will my payments be?

- Your **Acceptance Terms** shows the amount you will need to pay for your chosen benefits. This cost will not increase.
- Your cost is based on a number of factors. These include:
 - the amount of insurance
 - your age(s)
 - your occupation(s)
 - whether you take part in a hazardous pastime
 - your health and medical history
 - whether you smoke, have previously smoked or used vaping or nicotine replacement products in the last 12 months
 - the length of time your policy lasts
 - our charges
 - whether you have selected the waiver of premium benefit
 - whether you have selected the total and permanent disability benefit
 - whether you have selected the decreasing cover basis or not.

What are the charges?

- Your payments include the cost of providing the insurance.

What if I stop paying?

- Your policy will lapse 60 days after the last payment was paid. You cannot exchange the policy for cash because it is designed to provide protection insurance cover and is not a savings plan. If you decide to stop paying, the cover provided will end and the policy will stop without value.
- It is only possible to restart the policy within 30 days of it lapsing. You will have to make any outstanding payments.

Can I change from yearly to monthly payments?

- You can change from yearly to monthly, or monthly to yearly, at the policy anniversary. You may also select which day of the month you want us to collect the payment. All payments must be made by Direct Debit instruction.

Can cover continue after a claim?

- The policy will always end after the payment of the full sum assured.
- However, if a person makes a claim under a joint-life policy, the person who did not claim can ask us for a replacement policy just for him or her.
- The new policy will be a single life policy on the same terms as the existing policy and the person will not need to provide any more health or lifestyle information.

What about tax?

- The claim payment is normally free from all UK Capital Gains and Income Tax.
- Death benefits may be subject to inheritance tax unless you put the policy in trust. Your professional adviser can give you more details of how this works.
- The information regarding taxation is based on our understanding of current legislation as at June 2022 which may be altered and depends on your financial and other circumstances.

Can I change my mind?

- You have the right to change your mind and cancel the policy within 30 days of receiving the Cancellation Form from us.
- If you change your mind within the 30 days and do not want the policy, we will give you your money back.
- If you cancel the Policy at any time after the 30 day period you will not receive any money.

Can I change a joint-life policy if my circumstances later change?

- You may be able to split a joint life policy into two single life policies if you divorce or your civil partnership is dissolved. This is only available if the policy has been taken out to protect a mortgage and a new mortgage is being taken out or the existing one rearranged in the name of only one of the lives being covered. The cover amount and the length of time the policy lasts under each single life policy cannot be greater than under the original joint-life policy.

Can I change the sum assured and policy term after the policy has been started?

- If you need to change the cover amount or the length of time the policy is in force you can ask us to amend it.
- Where you increase the amount of cover, or increase the length of time the policy is in force, we will ask you to provide us with up to date health and lifestyle information so we can assess whether we can provide cover and on what terms.

How do I make a claim?

- To make a claim, please contact our Customer Services Department (see page 16 – ‘How to contact us’).
- When a claim is made, we may make further enquiries about the cause of death, the terminal illness, the total and permanent disability or the specific critical illness being claimed for. Failure to provide the correct information could mean a delay in the payment of a valid claim.

Data Protection Notice

You may interact with Canada Life Limited (referred to as '**Canada Life**', '**we**', '**us**' or '**our**' in this DPN) in any one (or more) of the following capacities: as data controller, a policyholder, joint policyholder, employer policyholder, trustee, insured person, professional adviser, beneficiary, next of kin, personal representative, executor claimant, or member. No matter which capacity you interact with Canada Life, you will be referred to as '**you**' or '**your**' in this DPN. Any personal data about yourself (provided by you or about you by another party) or which you provide about someone else will be treated in accordance with the applicable laws and regulations in any relevant jurisdiction relating to privacy or the use or processing of personal data; Canada Life takes its privacy obligations very seriously.

Using personal data

We use personal data to undertake activities relating to the setting up, administration and renewal of our policies, products and services. This includes processing applications and handling any claims. For the majority of our business we will rely on the performance of our contractual arrangements with you as the legal basis for processing.

We do not use personal data for marketing purposes and we do not make your personal data available to third parties for the purpose of direct marketing.

The nature of our business is to provide investments, life and pensions cover, critical illness, income protection and employer related group products. To do this we need to use the personal data provided to carry out analysis of actuarial risks (risks of gains or losses), mortality and morbidity risks and pricing. This will be carried out in accordance with the Institute & Faculty of Actuaries' data handling protocols.

We use underwriting software to process some applications and quotations which will use an element of automated decision making.

Exceptionally, we may rely on our legitimate interests to process your personal data. When we do, we will demonstrate compelling legitimate grounds for doing so.

We rely on legitimate interest to process your personal data for statistical analysis, which helps us to improve our processes, products and services. The purpose of this statistical analysis is not to make decisions about you directly, but to undertake data analysis to help us to improve our processes, our products and services. Additionally, we will process your personal data to undertake market research, including customer feedback surveys. To maximise the security of your information, we pseudonymise your personal information where possible. This means removing information from which you can be directly identified.

For employer-related group insurance products the DPA permits appropriate information about employees to be provided by an employer to an insurer without individual consent (including details of long-term absentees, current and previous claimants, and medical underwriting decisions).

For employer-related group products the DPA permits that members may individually withdraw their consent. In those instances Canada Life will be unable to provide cover for that individual.

When medically underwriting or assessing a claim we will obtain consent from the employee.

Sharing personal information

We share personal data only on the basis of the purposes for which it was collected. This notice is intended to illustrate the instances where data may be shared. However, we will share your data only for the limited and compatible purposes for which it was originally obtained:

- with other Canada Life group companies including those outside the European Economic Area (EEA);
- with any of our service providers, reinsurers and / or regulators;
- with other insurers and government agencies, including without limitation Her Majesty's Revenue and Customs (HMRC), Department of Work and Pensions (DWP);
- in order to prevent, detect or investigate financial crime including fraud or other criminal activity, we may share your data with other companies (including private investigators), organisations (including fraud prevention agencies and databases), public bodies (including the police) and associations and credit reference agencies;
- we will not share your medical information with anyone other than yourself without your consent except as described in the next bullet point. This includes your employer, spouse, other relatives, friends or your legal or professional adviser. In some circumstances, it may be appropriate to advise your employer about your medical information, for example, to recommend alternative supportive therapy. However, we will seek your consent in such circumstances;
- for employer-related products and services only, some medical information related to underwriting decisions and non-medical information about you necessary for lawful policy and claim administration purposes will be shared with your employer;
- we will not share non-medical information concerning you with your spouse, other relatives, friends or your legal or professional adviser unless you provide your consent to us in writing;
- for insurance related products, with your own doctor or relevant medical professionals;

- with selected third-party suppliers for the purposes of statistical analysis to help us improve our products, services and processes;
- with selected third-party research agencies and providers of market research services, including customer feedback surveys; and/or
- in any circumstances if permitted or required to do so by law or if we have your consent to do so.

International Transfers

Given the global nature of our business, we use third party suppliers and outsourced services (including cloud-based services), which can require transfers of personal data outside of the EEA and countries that have an EU adequacy decision. In doing so, we ensure there are contractual arrangements in place with those organisations who have organisational and technical measures to protect your personal data.

Retention of your personal data

We will keep your personal data only for so long as is necessary and for the purpose for which it was originally collected. In particular, for so long as there is any possibility that either you or we may wish to bring a legal claim under this insurance, or where we are required to keep your personal data due to legal or regulatory reasons.

Post Brexit – UK departure from the European Union

On 31 January 2020 the UK left the European Union ('EU'), ceasing to be a member. EU law requires that all entities processing the data of EU citizens that are not established in the EU designate in writing a Representative in the EU to be addressed in addition to or instead of that entity by EU citizens on all issues related to data processing. In order

to meet our requirements, each Canada Life entity listed above which processes the personal data of EU citizens has designated Canada Life Irish Holding Company Limited, an Irish registered entity within the Canada Life group, as its Representative. The Representative may also be called upon to cooperate with competent supervisory authorities with regard to ensuring compliance with the General Data Protection Regulation ('GDPR').

Contractual clauses in place between Canada Life and its group entities and external suppliers are compliant with the GDPR, which ensures that personal data provided to Canada Life is processed in accordance with our instructions and the requirements of the GDPR. Canada Life will continue to follow and apply all appropriate data protection legislation including that provided by the UK Government and the Information Commissioner's Office (ICO) with regards to data protection.

Your rights and contact details of the Information Commissioner's Office (ICO)

You may have the right to require us to:

- provide you with further details on the use we make of your personal data or your special categories of data;
- provide you with a copy of the personal data that you have provided to us or which we hold;
- update any inaccuracies in the personal data we hold;
- delete any special category of data or personal data for which we no longer have lawful grounds to use;
- cease processing of your personal data that is based on consent, by withdrawing your consent to that particular processing;

- cease any processing based on legitimate interests grounds, unless our reasons for undertaking that processing outweigh any prejudice to your data protection rights; and
- restrict how we use your personal data whilst a complaint is being investigated.

In certain circumstances, we may need to restrict the rights listed above in order to safeguard the public interest (e.g. the prevention or detection of crime), our interests (e.g. the maintenance of our legal responsibilities) and for the performance of our contract with an employer who is the policyholder for employer-related products and services.

Data Protection Officer (DPO)

If you have any questions, or complaints, in relation to our use of your personal information, you should first contact our DPO, on the details below:

Canada Life Limited, Canada Life Place, Potters Bar, Hertfordshire, EN6 5BA or by email at:
