

LIFE INSURANCE MADE EASY

What is Life Insurance?

If you have our **Life Insurance**, we will make a payment to your family or beneficiaries if you die while the plan is in place.

If you have a joint life plan, we will pay out if either of you dies during the length of the cover.

We will also pay out if you are diagnosed with a terminal illness while the plan is in place and are not expected to live for more than 12 months.

Once the payment has been made, your plan finishes.

Life Insurance – Level

Level term – the amount you pay and the amount of cover stay the same from the start to the end of your policy.

Life Insurance – Increasing

You can choose to increase the amount you pay each year. Your amount of cover then rises, which helps your Life Insurance keep up with price increases for everyday goods and services.

Life Insurance – Decreasing

Decreasing term – the amount you pay stays the same, but has a lower starting point. This is because your amount of cover goes down from the start to the end of your policy.

LIFE INSURANCE PLUS CRITICAL ILLNESS MADE EASY

What is Critical Illness cover?

- ✓ If you include **Critical Illnesses** cover with your Life Insurance, you get all the benefits of our Life Insurance cover, plus we will make a payment if you are diagnosed with a specific critical illness while the plan is in place.
- ✓ You will be protected for 52 critical illnesses for your full amount of cover. We also include 44 additional illnesses for a lower amount of cover.
- ✓ Your children will be automatically covered from 30 days old up to the age of 18, or 22 if in full time education.
- ✓ They will also be covered for six child specific illnesses from birth.
