### Flexible Access

With the Wealth Preservation Account from Canada Life International Limited or a Wealth Preservation Europe Account from Canada Life International Assurance (Ireland) DAC, we can help you mitigate inheritance tax (IHT) without sacrificing flexibility, whatever your financial requirements.

Here are some situations in which you may find yourself, showing how you can still have financial flexibility.

#### And the benefits don't just stop with flexibility

- Policies can be passed to beneficiaries by the trustees at any time before surrender to move the tax point from you to your chosen beneficiaries
- Wide range of investment funds available
- Inheritance tax planning can commence without delay as no medical checks are required

This document simply highlights some of the advantages of the Wealth Preservation Accounts and you should read the product literature for full details.

The information regarding taxation is based on our understanding of current legislation, which may be altered and depends on your financial circumstances. We recommend that you take your own professional tax advice

**Past performance is not a guide for the future. The value of units can fall as well as rise.**

**If the Account is surrendered, the surrender value may be less than the original investment. Currency fluctuations can also affect performance.**
