Who are we?

Canada Life in the UK

We are Canada Life Group Insurance, the UK's largest provider of group insurance. We have over 45 years' experience covering thousands of businesses throughout the UK.

Our mission is to help people when they need it most, so we specialise in three products that help employers do exactly that - [Life Assurance](#), [Income Protection](#) and [Critical Illness](#) cover.

We've grown considerably since we first arrived in the UK in 1903. We now support over 23,500 employers, covering 2.75 million employees for over £260 billion of benefits. This makes us the largest provider of group insurance in the UK.

Financial ratings

We hold strong financial ratings through our parent company, so you can rest easy when taking out a policy with us. We are wholly owned by The Canada Life Assurance Company which is a subsidiary of Great-West Lifeco Inc and a member of the Power Financial Corporation group of companies.

A Culture of Excellence

We are committed to providing the best customer experience in the industry. Through our culture of personal ownership and responsibility, our aim is to make working with us as easy as possible. Whether through the comprehensive portfolio management provided by our CLASS e-portal or simply by ensuring you are able to reach the person you want to speak to on the telephone, we take this commitment very seriously. We are enormously proud of the accolades we receive.

Expertise

Business placed with Canada Life is in the safe hands of Group Risk specialists who understand your requirements in every way. Our dedicated Bristol office manages every aspect of group policies, from quotations and customer service support to underwriting and claims handling. We have an ongoing commitment to continuous improvement and the development of administration technology to enhance the support of our customers.

Flexibility and Accessibility

Flexibility and competitive pricing are both key requirements within the Group Insurance sector, and we have carefully tailored each of our core products to meet these needs. We insure schemes that vary in size from as few as two members to many thousands.

As a member of two leading multinational pooling organisations, we can also offer multinational clients the opportunity to link their group schemes in different countries.
