

GROUP INSURANCE

How it Works Flexible Benefits

Who can we offer flexible benefits to?

Who can we contract with?

We are able to insure the same organisations for flexible benefits as we can on our standard group products.

Group Life Assurance

Any organisation that is legally able and has executed a discretionary trust written under UK, Channel Island or Isle of Man legislation.

Income Protection and Critical Illness

These include, but are not limited to, companies including branch offices registered in the UK, the Channel Islands or Isle of Man as well as both Equity and Limited Liability Partnerships.

Individuals we can insure

If we are able to provide cover via our standard product we should be in a position to insure flexible benefits.

Based on this, we should be able to offer cover to anyone who has a contract of employment with an organisation we have agreed to insure, as well as equity partners.

In addition, we are able to insure Group Life and Critical Illness benefits for a partner of an employee.

Size of organisation we can offer flexible benefits

Historically, expectation was that flexible benefits were only required and available for large organisations.

This is no longer the case and we try to accommodate all sizes of organisations with the flexible benefits propositions we have available.

Please contact us to discuss your requirements and we will advise how we can assist.
