Part 5 Increase regular withdrawals (optional)

Revised total amount of each payment

If you have chosen a capital redemption option and you choose regular withdrawals from the Account the maturity value will be reduced proportionately.

Instructions for clearing overdrawn trading cash accounts

Fees, stockbroking costs, certain adviser charges, partial surrenders and withdrawals are deducted from the trading cash account on the Account (which may become overdrawn). The overdraft position can be cleared any time by selling units in funds. We will automatically clear any overdrawn position from the largest liquid holding (by monetary value). The trading cash account will be accessed first. Please note that cancellation of units from funds will raise transaction fees. (No selection made by the Company constitutes investment advice.)

You request that the Company makes the investments as detailed in Part 6b ('Initial Investments') and any selected future investments ('Future Investments') by you or your designated fund adviser.

In order that the Company may make the Initial Investments referred to above or any Future Investments, you confirm the following:

1. You authorise the Company to link the value of your Account to the Initial Investments and the Future Investments, notwithstanding that you may not have read the prospectus for each and every investment. You understand that it is your responsibility to have read and understood the prospectus for each and every relevant investment. You understand that the Company may refuse to permit any investment link within the Initial Investments or the Future Investments and that the Company does not have to give any reason for any such rejection.
2. You understand that some investments may involve terms that could restrict the Company's ability to realise the cash value of those investments at any time. Where some or all of the Initial Investments and/or Future Investments request links to investments which demonstrate these characteristics, the Company may delay the settlement of any claim, or may delay the actioning of any request for variations within the Future Investments, to reflect the terms of the linked investment.
3. You understand that some investments may involve terms that could result in the Company receiving the proceeds of redemption of those investments in more than one instalment. Where some or all of the Initial Investments and/or Future Investments request links to investments which demonstrate these characteristics, the Company may delay the settlement of any claim, or may delay the actioning of any request for variations within the Future Investments, to reflect the terms of the linked investment.
4. You understand that the Company may or may not hold investments which match or mirror the Initial Investments and the Future Investments at any time and may sell, redeem or otherwise dispose of its interests in any investment at any time without reference to you.
5. You understand that the Company has the right to change your Initial Investments and/or Future Investments at any time and without seeking or requiring your previous consent if the Company in its sole discretion determines that to continue to link the value of your Account to such of the Initial Investments or the Future Investments may result in adverse consequences for the Company or its policyholders (or any of them).
6. You understand that some investments may involve terms that impose minimum redemption amounts or minimum asset holdings. You understand that the Company may find it necessary to sell, redeem or otherwise dispose of its interests in investments linked to the Initial Investments and the Future Investments due to the imposition of these conditions. You understand that when this occurs the Company will reflect this in your Initial Investments and Future Investments, and any excess cash obtained from such a transaction will be placed on trading the cash account. Details of these terms are documented in the relevant prospectus issued by the provider of such investment.
7. You understand that some investments may involve terms that could result in the Company incurring redemption or surrender charges when exiting from the investment. Where some or all of the Initial Investments and/or Future Investments request links to investments which apply such charges, the Company will reflect the amount of these charges in the Account value as and when they occur. Details of these charges will be documented in the relevant prospectus issued by the provider of such investment.
8. You may give instructions to the Company to link the Initial Investments and/or the Future Investments to funds intended for professional investors. In such circumstances you will be required to complete a Professional Investor Declaration for every investment you select in such funds, which will determine your qualification as a professional investor. You understand that if you cannot meet the professional investor qualifying criteria then the Company will be unable to link the value of your account to such investments.

You recognise that such funds are not usually intended for retail sale to private investors.

You acknowledge that such funds, by their nature, usually involve a higher degree of risk and understand and accept those added risks in respect of the Initial Investments and the Future Investments. You understand that it is your responsibility to have read the relevant prospectus and risk warnings issued by the provider.
9. You understand that the Company will make all investments as a professional investor (or equivalent) and will sign any required disclaimer to that effect.
10. Notwithstanding the above, the Company reserves the right to request further declarations for specific investment links from you where the Company determines this to be necessary or in the best interests of you in respect of the Account or policyholders of the Company generally.

IMPORTANT: You must answer all questions fully, accurately and truthfully.

- to my/our best knowledge and belief the statements in this application are complete and true and contain all material facts (A material fact is one that will influence whether and upon what terms this application is accepted by the Company. Failure to give complete and true answers and disclose all material facts could result in the contract(s) being void. Adviser charge deductions

I/We consent to any adviser charge deductions as set out in Part 7 of this application.

Data protection notice

Any personal information you may provide to Canada Life International Limited (CLI) as data controller will be treated in accordance with the Isle of Man Data Protection Act (as amended)

Any personal information that you may provide to Canada Life International Assurance (Ireland) DAC as data controller will be treated in accordance with the Data Protection Acts (as amended)

(CLI & CLIAI together will be defined as 'Canada Life' in this notice).

By signing this form you consent to Canada Life using and sharing your personal information as set out in this notice including, without limitation, the processing of sensitive personal data.

If submitting personal information about another person, by signing this form you confirm that you have their consent to provide such information to Canada Life and for their information to be used as set out in this notice.

Using Personal Information

We use personal information to undertake activities relating to the setting up, administration and renewal of our policies, products and services. This includes processing applications and handling any claims. For the majority of our business we will rely on the performance of our contractual arrangements with you as the legal basis for processing.

We do not use policyholder or member personal data for marketing purposes and we do not make your personal information available to third parties for the purpose of direct marketing.

The nature of our business is to provide investments, life and pensions cover, critical illness, income protection and employer-related group products. To do this we need to use the personal information provided to carry out analysis of actuarial risks (risks of gains or losses),

mortality and morbidity risks and pricing. This will be carried out in accordance with the Institute & Faculty of Actuaries' data handling protocols.

We use an underwriting engine to process some applications and quotations which will use an element of automated decision making.

Exceptionally, we may rely on our legitimate interests to process your personal data. When we do, we will demonstrate compelling legitimate grounds for doing so.

For employer-related group insurance products the Data Protection Act permits appropriate information about employees to be provided by an employer to an insurer without individual consent (including details of long-term absentees, current and previous claimants, and medical underwriting decisions).

For employer-related group products the Data Protection Act permits that members may individually withdraw their consent, in those instances Canada Life will be unable to provide cover for that individual.

When medically underwriting or assessing a claim we will obtain consent from the employee.

Sharing personal information

We share personal information only on the basis of the purposes for which it was collected. This notice is intended to illustrate the instances where data may be shared. However, we will share your data only for the limited and compatible purposes for which it was originally obtained:

- with other Canada Life group companies including those outside the European Economic Area (EEA);
- with any of our service providers, reinsurers and / or regulators;
- with other insurers and government agencies, including without limitation Her Majesty's Revenue and Customs (HMRC), Department of Work and Pensions (DWP);

- in order to prevent, detect or investigate financial crime including fraud or other criminal activity, we may share your data with other companies (including private investigators), organisations (including fraud prevention agencies and databases), public bodies (including the police) and associations and credit reference agencies;
- we will not share your medical information with anyone other than yourself without your consent except as described in the next bullet point. This includes your employer, spouse, other relatives, friends or your legal or professional adviser. In some circumstances, it may be appropriate to advise your employer about your medical information, for example, to recommend alternative supportive therapy. However, we will seek your consent in such circumstances;
- for employer-related products and services only, some medical information related to underwriting decisions and non-medical information about you necessary for lawful policy and claim administration purposes will be shared with your employer;
- we will not share non-medical information concerning you with your spouse, other relatives, friends or your legal or professional adviser unless you provide your consent to us in writing;
- for insurance related products, with your own doctor or relevant medical professionals; and/or
- in any circumstances if permitted or required to do so by law or if we have your consent to do so.

International Transfers

Given the global nature of our business, we use third party suppliers and outsourced services (including cloud-based services), which can require transfers of personal information outside of the EEA. In doing so, we will ensure there are contractual arrangements in place with those organisations who have appropriate organisational and technical measures to protect your personal information.

Retention of your personal data

We will keep your personal data only for so long as is necessary and for the purpose for which it was originally collected. In particular, for so long as there is any possibility that either you or we may wish to bring a legal claim under this insurance, or where we are required to keep your personal data due to legal or regulatory reasons.

YOUR RIGHTS AND CONTACT DETAILS OF THE INFORMATION COMMISSIONER'S OFFICE (ICO)

You may have the right to require us to:

- provide you with further details on the use we make of your personal information or your special categories of data;
- provide you with a copy of the personal information that you have provided to us or which we hold;
- update any inaccuracies in the personal information we hold;
- delete any special category of data or personal information for which we no longer have lawful grounds to use;
- cease processing of your personal information that is based on consent, by withdrawing your consent to that particular processing;
- cease any processing based on legitimate interests grounds, unless our reasons for undertaking that processing outweigh any prejudice to your data protection rights; and
- restrict how we use your personal information whilst a complaint is being investigated.

In certain circumstances, we may need to restrict the rights listed above in order to safeguard the public interest (e.g. the prevention or detection of crime), our interests (e.g. the maintenance of our legal responsibilities) and for the performance of our contract with an employer who is the policyholder for employer-related products and services.

Part 10a

Verification of identity

I/We understand and consent that the Company may make a search with an external reference agency for the purposes of verifying my/our identity. This will involve checking the details I/we supply against those held on any database the reference agency has access to. This includes information from the electoral register and fraud prevention agencies. I/We understand that the Company will use scoring methods to verify my/our identity and that a record of any search will be kept that may be used

to help other companies to verify my/our identity and also, that the Company may pass information to financial and other organisations involved in fraud prevention to protect themselves, ourselves and their clients from theft and fraud. I/We understand that should I/we provide the Company with false or inaccurate information and fraud is suspected that this may be recorded and shared with other organisations.

Part 10b

Declaration of tax residence outside of Ireland (CLIAI Premiere Europe Account & International Portfolio Bond only)

Each applicant must read the definitions below and complete the declaration.

Important: Irish 'Exit' Tax may be applied to your Policy (for example on payments from the Policy) if this declaration is not completed.

This form may be subject to inspection by the Irish Revenue Commissioners. It is an offence under Irish Law to make a false declaration. This declaration must be signed by the applicants who are neither resident nor ordinarily resident in Ireland. It may also be signed by a person who holds power of attorney from the applicant(s). A copy of the power of attorney should be enclosed with this declaration.

Tax residence definition – individual

An individual will be regarded as being tax resident in Ireland for a tax year if she/he:

- spends 183 days or more in Ireland in that tax year, or
- has a combined presence of 280 days in Ireland, taking into account the number of days spent in Ireland in that tax year together with the number of days spent in Ireland in the preceding year. Presence in a tax year by an individual of not more than 30 days in Ireland will not be reckoned for the purpose of applying the two-year test. Presence in Ireland for a day means the personal presence of an individual:
- at the end of the day (midnight) for tax years 2008 and earlier, and
- at any time during that day for tax year 2009 onwards.

Ordinary tax residence definition – individual

The term 'ordinary residence' as distinct from 'residence' relates to a person's normal pattern of life and denotes residence in a place with some degree of continuity. An individual who has been resident in Ireland for three consecutive tax years becomes ordinarily resident with effect from the commencement of the fourth tax year.

An individual who has been ordinarily resident in Ireland ceases to be ordinarily resident at the end of the third consecutive tax year in which she/he is not resident. An individual who is resident and ordinarily resident in Ireland in 2009 and departs from Ireland in that year will remain ordinarily resident up to the end of the tax year 2012.

Applicants resident outside Ireland are required by the Irish Revenue Commissioners to make the declaration set out below, which is in a format authorised by them, in order to receive payments without deduction of Irish tax.

I/We declare that

- I/We have read the explanation of the terms detailed in the 'Tax residence definitions' above.
- I am/We are the applicant(s) in respect of which this declaration is being made.
- I am/We are not resident or ordinarily resident in Ireland.
- I/We hereby undertake(s) to inform CLIAI of any change in my/our country of residence during the life of the Policy.
- I/We have received the consent of the life/lives assured to have their information shared, used, disclosed or transferred outside the European Economic Area to enable this application or any subsequent transactions to be processed.

Note: The CLIAI Premiere Europe Account cannot be purchased or assigned to individuals that are resident in Ireland (for tax purposes as described above or otherwise).
