Section 1

CLASS Registration

To register simply go to

www.canadalife.co.uk/class

There are two registration options:

1 Standard Login

You will be asked to select your username and password. Both of these need to be at least 8 characters long and must include at least 1 number.

2 Unipass

If you use unipass you will not need a username and password.

Step 1

You will need to complete the following information:

- Your or your organisation's Financial Services Register Number.

The Employee Type, which can be:

- IFA
- Administrator
- IT-related

Choose two memorable questions from this list:

- Place of birth
- Mother's maiden name
- First school
- Memorable date
- First holiday
- Memorable address

Step 2

You will be asked to enter your company details, correspondence address if different and your email address.

Verification

After you have clicked '**Confirm**' you will receive an email verification which will be a link sent to your email address. You have 48 hours to verify your account.

Once you have verified your account you will be able to sign in using the user name and password you selected in step one.

Section 2

Setting up a quote

Starting a quote

Log in at www.canadalife.co.uk/class

Go to the 'New Schemes' tab and click 'Quotes'.

The screenshot shows the Canada Life Group Insurance Website CLASS home page. The header includes the Canada Life logo, navigation links (CLASS home, Contact us, Help, Sign Out), and social media icons. The main content area is titled 'Welcome Tracy' and states 'CLASS services are currently available.' Below this are three main sections: 'New Schemes' (Quotes, Documents, Help), 'Existing Schemes' (Renewals, Rate Review Quote, Reports, Documents, Scheme Changes), and 'Your Profile' (Update Profile, Change Login Name, Change Password, Admin and Agency Details). A 'Create a New Scheme' section is also present, with links for 'Quotes >' (Create or amend a quote for a new CLASS scheme), 'Help >' (Frequently asked questions), and 'Documents >' (Get inception accounts, proposal forms and more). The footer contains links for Privacy policy, Terms and conditions, Cookie policy, Copyright, and the CLASS User Support Team contact information (0345 223 7137, 9am - 5pm Monday to Friday). A disclaimer at the bottom states that Canada Life Limited is registered in England no. 973271 and is an associate company of Canada Life Limited.

This will take you to the quotes module.

Here you just need to click 'Go' to start the quote process.

The screenshot shows the 'eQuotes: home' page. It prompts the user to 'Please select whether you want to revisit an existing quotation or create a new one.' There are three main sections: 'CLASS eQuotes - Create a new quotation' (Allows you to create a new Group Life Assurance, Group Income Protection or Group Critical Illness eQuote. This provides a quotation based on our standard online products that provide a full suite of options that can be tailored to suit the requirements of the employer. Go), 'Simply CLASS eQuotes - Create a new quotation' (Allows you to create a quotation for our simplified online Group Life Assurance product. This option is appropriate for small employers (2-50 employees) who have not provided Group Life Assurance to their employees before. Simply CLASS is quicker and requires much less information than a standard Group Life Assurance quotation. It provides the same cover for all employees on 4 available options and is designed to be consistent with the data likely to be available for automatic enrolment. This product is written under Canada Life Group Insurance's Master Trust. Go), and 'Revisit existing quotation' (Allows you to copy, amend, view or assume risk for a quotation. Please note that you can only amend a quotation that has not yet been issued. Once you have assumed risk you will immediately be issued with a letter confirming risk, the first statement(s) of account, documentation and appropriate pre-populated forms for completion by the employer. Search, Advanced search, Display all my eQuotes).

Setting up a quote

The quote assessment

You will need to complete a Quote Assessment before we can proceed with a quote. Just input the following information:

- 1 About the client – years in business, Companies House number and industry type.
- 2 Group Risk History – just answer the questions relevant to the product you want a quote for.
- 3 If you want to cover pension contributions or relate membership to a pension scheme, select 'Yes'.
- 4 Actively At Work conditions – please read this section carefully.
- 5 Member's travel details – if outside Canada Life scheduled territories, for business purposes.
- 6 Based on the selected industry type, some further questions may be asked regarding specific activities.

Section 2

Setting up a quote

Employer information

This page asks generic questions on the name of the client, address and total number of employees and importantly the number of eligible employees.

The second section of this page will allow you to select the product for which you wish to receive a quote. This defaults to all three products but you can deselect those not required.

The screenshot shows the 'eQuotes: quotation' page. At the top, there is a navigation bar with links: Home, Eligibility, Employer info (active), Employee info, Cover options, and Quote. Below the navigation bar, the page title is 'eQuotes: quotation'. The main section is 'Employer and quotation request information'. It includes a 'Please provide the following information about the employer and products required.' instruction. The 'Employer Information' section contains fields for: Registered company name of employer, Postcode (head office postcode if more than one location), Building number or name, Industry type (IT), Total number of UK employees (0), Total number of eligible employees to be insured (0), and Anticipated commencement date of the eProduct(s). There is a 'Find address' button. The 'Design your group insurance plan' section includes a 'Select one or more products from those listed:' instruction. It shows three selected products: Group Life Assurance, Group Income Protection Insurance, and Group Critical Illness Insurance. Each product has a checkbox for 'I have read the [Product] Technical Guide'. At the bottom, there are buttons for 'Save for later and exit', 'No longer required', 'Back', and 'Continue'.

Employer information

Pension membership

If you selected ‘Yes’ on the assessment questions linking your quote to a pension scheme, you will now see this screen.

Please answer the questions and advise if the quote is open for ‘**pension scheme members only**’ or ‘**all pensionable and non-pensionable employees**’.

The screenshot shows the 'eQuotes: quotation' page for 'Pension membership'. The page has a dark header with the Canada Life logo, 'Canada Life Group Insurance Website', and social media icons. Navigation links include 'CLASS home', 'Contact us', 'Help', and 'Sign Out'. A breadcrumb trail shows 'Home > Eligibility > Employer info > Employee info > Cover options > Quote'. The 'Employer info' step is active. A box displays 'eQuotes reference: 121930'. Below, a message states: 'As you have advised us that benefits are linked to pension scheme membership, we require the following information:'. The form includes: 'Which products are pension scheme linked?' with checkboxes for 'Group Life Assurance', 'Group Income Protection', and 'Group Critical Illness'; 'Who are you insuring?' with a dropdown menu showing '-- Please select --'; and 'What is the pension scheme name? (optional)' with a text input field. At the bottom are buttons for 'Save for later and exit', 'No longer required', 'Back', and 'Continue'.

Section 2

Setting up a quote

Employee information

This page asks you to enter the membership relating to the total number of lives you entered on the previous page.

The screenshot shows the 'eQuotes: quotation' page with a navigation bar at the top containing 'Home', 'Eligibility', 'Employer info', 'Employee info' (selected), 'Cover options', and 'Quote'. Below the navigation bar, the 'Employee information' section is displayed with the heading 'Please complete the employee information below.' and a box labeled 'eQuotes reference: 121930'. The 'Entering employee data' section prompts the user to select a preferred method of employee data entry: 'Upload using our Excel template. We recommend this method in all cases, particularly where there are more than 5 lives.' (selected) and 'Enter manually on screen one member at a time. Only suitable for fewer than 5 employees.' At the bottom, there are buttons for 'Save for later and exit', 'No longer required', 'Back', and 'Continue'.

You now need to select which method you would like to use to load the data. You can either;

- upload the data using our Excel template which can be used for any number of lives or
- enter the data manually one member at a time, which you may prefer to use for cases with a very small number of members.

The data is loaded onto CLASS and checked for any issues that may have occurred. Any issues with the data load will be highlighted in red at the top of the screen, as shown below.

“It was not possible to convert all data. Please check your data against the original and amend where necessary”

This means that some data items are not in the correct format, data was missing or columns were in the wrong order. This will also be displayed if you have deleted the row containing the headings.

“Please shut down the excel file before uploading”

You will need to make sure that the file you are trying to load is not still open.

“Please select a valid microsoft file to upload”

You may have saved the file as an **‘.xlsx’** file which is a new file format. You will need to re-save it as a **‘.xls’** file for the upload to be successful, so simply re-open the file and use the **‘save as’** function to save the file again in an **‘.xls’** format.

“Unable to process uploaded file. Please check that you have the latest template and try again”

You may get this message if the template used is either missing the header row or the tab name is not **“Member Data”**. These points need to be corrected for the template to load successfully.

Option 2

Entering employee data manually

Hopefully, you will see from Option 1 that uploading data is simple and you can use it even if there are only a couple of members. You may find it quicker than manually typing the data – especially if you already hold the data in an electronic spreadsheet.

However, if you would prefer to type the data into the form held on screen, you can opt to enter employee data manually.

The screenshot shows the 'eQuotes: quotation' page with a navigation bar at the top. The 'Employee info' tab is selected. Below the navigation bar, there's a section for 'Employee information' with a reference number 'eQuotes reference: 121930'. A message asks the user to complete the employee information below. Under 'Entering employee data', there are two options: 'Upload using our Excel template' and 'Enter manually on screen one member at a time'. The 'Enter manually on screen one member at a time' option is selected. A note states: 'Employees absent or expected to be absent at the commencement date should be excluded from the data as they are not eligible for immediate cover.' Below this, the 'Enter employee data' section has a table with columns: Surname (*), Initial (*), Gender, Date of birth, Salary, Job Title, and Postcode. The table contains five rows of test data. At the bottom of the table are buttons for 'Add member', 'Reset table', and 'Clear table'. At the very bottom of the form are buttons for 'Save for later and exit', 'No longer required', 'Back', and 'Continue'.

Assuming risk

If you wish to assume risk following a quote produced via CLASS, then you will be required to complete this stage online. The following steps will take you through this easy process.

Before you can assume risk the following points will need to be covered for a Group Life Assurance policy.

1 The proposed policy has either a Registered or Excepted trust in place. We provide specimen Trust Deeds **via our website:** <https://www.canadalife.co.uk/workplace-protection/trusts/>

2 If your client chooses a registered option, they must log it via the HMRC website and obtained a Pension Scheme Tax Reference (PSTR) number.

If they choose the excepted option, they need to complete and execute a standalone excepted trust.

For further information on this step, please feel free to contact our helpdesk.

or

1 Employers can join our Registered Master Trust if they don't want to set up their own trust, or use our Excepted Solution Trust.

Find out more about our master trust.

2 To join our Master Trust your client will need to complete a Deed of Participation. For our Excepted Solution, you will need to complete our Excepted Solution trust deed template. These will be provided once the on risk process is complete.

+ Remember

Before assuming risk for Group Life schemes:

- A trust deed must be in place (registered or excepted).
- A HMRC PSTR number is required if your client chooses to set up their own registered trust.

or

- Your client can join our Registered Master Trust.
- Your client can join our Excepted Solution Trust.
- To assume risk, access must be fully authorized by a CLASS Administrator and linked to a Group Agency.

CLASS eQuotes - Create a new quotation

Allows you to create a new Group Life Assurance, Group Income Protection or Group Critical Illness eQuote.

This provides a quotation based on our standard online products that provide a full suite of options that can be tailored to suit the requirements of the employer.

Go

Simply CLASS eQuotes - Create a new quotation

What's the difference?

Allows you to create a quotation for our simplified online Group Life Assurance product.

This option is appropriate for small employers (2-50 employees) who have not provided Group Life Assurance to their employees before. Simply CLASS is quicker and requires much less information than a standard Group Life Assurance quotation. It provides the same cover for all employees on 4 available options and is designed to be consistent with the data likely to be available for automatic enrolment.

This product is written under Canada Life Group Insurance's Master Trust.

Renewing a policy

If you assume risk using CLASS, you will be required to complete the renewal process online.

Renewing a policy usually takes between 5 and 10 minutes. Just follow these easy steps.

What happens before the renewal date?

At least 8 weeks prior to policy renewal date, Canada Life will issue a renewal pack.

This pack will advise the policy is due to renew via our online service and prompt you to log in to CLASS at www.canadalife.co.uk/class.

You can complete this process any time after receiving the renewal pack.

Deposit Premium

The invoice you will receive will only state the deposit premium, which is based on the previous annual premium. It is therefore an estimate and the accurate premium will be calculated on completion of the renewal.

Renewals

Login at www.canadalife.co.uk/class

Go to the 'Existing Schemes' tab and click 'Renewals'.

Enter the policy reference or search via 'Display all renewable schemes'.

Once the policy details appear, an option 'Select' will follow. If you wish to start the renewal process, please click 'Select'.

The renewal process consists of 3 steps that you can track in the blue menu bar.

1. Cover confirmation
2. Member data
3. Confirmation

The screenshot shows the 'eRenewal and Quotes' page. At the top, there's a navigation bar with 'Home', 'Cover confirmation', 'Member data', and 'Confirmation'. Below this, the 'Find your client' section has instructions and input fields for 'Employer name' and 'Scheme code' (with 'E14920' entered). A 'Search' button and a 'Display all renewable schemes' button are also present. The 'Matching schemes' section shows a table with one result: 'QBR SPO 05 SP LH' with policy codes 'E14920/1/L' and 'E14921/1/H', product description 'Group Life Assurance' and 'Group Income Protection', and renewal/expiration dates of '01/03/2019'. A 'Select' button is next to the result. An 'Exit' button is at the bottom left.

Employer name	Policy code	Product description	Renewal date	Rate expiry date	
QBR SPO 05 SP LH	E14920/1/L E14921/1/H	Group Life Assurance Group Income Protection	01/03/2019	01/03/2019	Select

Client Details

On this page we display the client's name, address and Companies House reference. We also detail the renewal period. This is to make sure you are renewing the correct policy and for the correct period.

The screenshot shows the 'eRenewal and Quotes' page with a navigation bar at the top containing 'Home', 'Cover confirmation', 'Member data', and 'Confirmation'. The 'Cover confirmation' tab is active. The page is divided into several sections:

- Client details:** A message asking the user to review the information below and select 'Continue' to renew or 'Display scheme basis' to review the basis.
- Employer information:** A form with the following details:
 - Registered company name of employer: QBR URR SC F
 - Address: 3 Rivergate, Bristol, BS1 6ER
 - Registered company number: 00973271
- Renewal information:** Text explaining that only members who have joined at their first opportunity can be included in the renewal, and that the renewal will provide a cost for the period 20/09/2019 to 19/09/2020.
- Quotation:** A section where the user can choose to obtain a quotation based on existing member data or to upload accurate member data.

At the bottom of the page, there are three buttons: 'Exit', 'Back', and 'Continue'. The 'Continue' button is highlighted.

If you would like to find out more information about the scheme basis, you can select the '**Display scheme basis**' option at the bottom of the screen.

+ CLASS Tip

- If you would like to see the scheme basis, you can select 'Display scheme basis'.
- You'll be able to get an estimated cost based on inaccurate data, if:
 - The policy is due a rate review; and
 - You're in CLASS before the renewal date

Once you have the final membership data from the client, you simply need to log back in and complete the renewal. You will need to tick the declaration on this page confirming you will not be entering accurate data.

+ Remember

- If an amendment to the scheme basis is required, this will have to be completed before completing the renewal process.
- You must read the renewal declaration and confirm that all members have either joined or changed their category at the first opportunity and therefore are not discretionary.

Renewal member details (2-9 lives only)

If the membership is between 2 to 9 lives (Single premium cost) the below page will appear:

Member renewal details

Listed below are the details of current members of the scheme(s). Please enter the new salary if requested for each member and update other information where necessary.

If a member has left during the previous year please enter the leaving date. If a member is due to leave you can enter their leaving date in advance.

If a member is due to exit the policy due to reaching the stated cover cease age, a leave date will be pre-populated and a cost calculated accordingly. If you wish cover to continue beyond this date you must contact the CLASS User Support Team to make a formal amendment to the policy basis. Simply removing the leave date without making an amendment will mean that cover is not in place and an incorrect premium will be calculated.

Please note that the data for new entrants to the scheme will be requested on a subsequent page.

	Surname	Initial	Gender	Date of birth	Existing salary	New salary	Leave date
1.	Blue	A	Male	29/03/1965	£22,434	£	dd/mm/yyyy

4.	Smith	A	Male	09/03/1965	£21,163	£	dd/mm/yyyy

As the policy charges single premium rates the eRenewal will advise of the existing data and ask you to complete the **'New Salary'** and **'Leave Date'** columns. These columns require you to enter each member's salary as at the renewal date or a leave date if applicable.

A leave date will already be populated for those that will reach the cover cease age during the next policy period.

If you have entered any leavers, these will be confirmed on the next page.

If any of the other details such as surnames, job title or postcode have changed, please amend them here.

- There are different steps depending on the number of lives in your existing policy.
- Single premium costing looks at the details for each employee and costs for them individually. Unit rated costing looks at the group as a whole, and provides a cost based on the details of all employees included in the policy.

Adding your client data

Load your client data direct into the CLASS Excel sample template:

- 1 When prompted on the '**Employee Information**' screen, select '**Click here to obtain Excel template**' to open the template.
- 2 Paste your client data (excluding the column headings) into the relevant columns of the CLASS template, ensuring that you do not paste over the template column headings and only add data requested in the template.
- 3 The Sex, Date of Birth, Job Title, Postcode and Salary columns are mandatory.
- 4 Save the completed sample data sheet by selecting '**File**' then '**Save As**' from the menu. Rename the template and save the file to an appropriate location, ensuring that it is saved as an .xls file type.
- 5 Returning to the CLASS data screen, select '**Browse**'. Find the file you saved and select '**Open**'. Once the file name is successfully displayed, select '**Load**'.

Once you have uploaded the member data, CLASS will begin processing the job titles you have entered. During the processing, you may see the following screen:

Occupation matching times can vary, depending on the number of employees covered, the time of day you are uploading the data, and most importantly, the number of unique job titles included.

Manual occupation selection

If CLASS is not able to find a matching occupation for the job title you have entered, you will need to select the most appropriate from a drop down list, as shown below.

The screenshot shows the 'eQuotes: quotation' interface. At the top, there are navigation links: Home, Eligibility, Employer info, Employee info (active), Cover options, and Quote. A box on the right shows 'eQuotes reference: 121930'. The main heading is 'Occupation selection'. Below it, a message states: 'We are unable to find a matching occupation for the members listed below. Please manually select an occupation for each member from the drop down lists. For ease of data entry, you can use the default drop-down menu to select a default occupation for all members and then edit the details for any members who belong in an alternative occupation field.'

Below the message is a form with a label 'Select a default occupation:' followed by a dropdown menu showing '-- Please select --' and an 'Apply' button. Below this is a table with the following data:

Employee name	Gender	Date of birth	Salary	Job Title	Occupation	Postcode
1. Test, A	Male	15/04/1955	£23,200	Unknown	-- Please select --	BS1 6ER

At the bottom of the form, there are buttons: 'Save for later and exit', 'No longer required', 'Back', and 'Continue'.
