Part A – Data Protection Notice

You may interact with Canada Life Limited (referred to as 'Canada Life', 'we', 'us' or 'our' in this DPN) in any one (or more) of the following capacities: as data controller, a policyholder, joint policyholder, employer policyholder, trustee, insured person, professional adviser, beneficiary, next of kin, personal representative, executor claimant, or member. No matter which capacity you interact with Canada Life, you will be referred to as 'you' or 'your' in this DPN. Any personal data about yourself (provided by you or about you by another party) or which you provide about someone else will be treated in accordance with the applicable laws and regulations in any relevant jurisdiction relating to privacy or the use or processing of personal data; Canada Life takes its privacy obligations very seriously

By signing this form you consent to Canada Life using and sharing your personal data as set out in this notice including, without limitation, the processing of special category personal data.

If submitting personal data about another person, by signing this form you confirm that you have their consent to provide such information to Canada Life and for their information to be used as set out in this notice.

Using Personal data

We use personal data to undertake activities relating to the setting up, administration and renewal of our policies, products and services. This includes processing applications and handling any claims. For the majority of our business we will rely on the performance of our contractual arrangements with you as the legal basis for processing.

We do not use personal data for marketing purposes and we do not make your personal data available to third parties for the purpose of direct marketing.

The nature of our business is to provide investments, life and pensions cover, critical illness, income protection and employer-related group products. To do this we need to use the personal data provided to carry out analysis of actuarial risks (risks of gains or losses), mortality and morbidity risks and pricing. This will be carried out in accordance with the Institute & Faculty of Actuaries' data handling protocols.

We use underwriting software to process some applications and quotations which will use an element of automated decision making.

Exceptionally, we may rely on our legitimate interests to process your personal data. When we do, we will demonstrate compelling legitimate grounds for doing so.

We rely on legitimate interest to process your personal data for statistical analysis, which helps us to improve our processes, products and services. The purpose of this statistical analysis is not to make decisions about you directly, but to undertake data analysis to help us to improve our processes, our products and services. Additionally, we will process your personal data to undertake market research, including customer feedback surveys. To maximise the security of your information, we pseudonymise your personal information where possible. This means removing information from which you can be directly identified.

For employer-related group insurance products the DPA permits appropriate information about employees to be provided by an employer to an insurer without individual consent (including details of long-term absentees, current and previous claimants, and medical underwriting decisions).

For employer-related group products the DPA permits that members may individually withdraw their consent. In those instances Canada Life will be unable to provide cover for that individual.

When medically underwriting or assessing a claim we will obtain consent from the employee.

Sharing personal data

We share personal data only on the basis of the purposes for which it was collected. This notice is intended to illustrate the instances where data may be shared. However, we will share your data only for the limited and compatible purposes for which it was originally obtained:

- with other Canada Life group companies including those outside the European Economic Area (EEA);
- with any of our service providers, reinsurers and / or regulators;
- with other insurers and government agencies, including without limitation Her Majesty's Revenue and Customs (HMRC), Department of Work and Pensions (DWP);
- in order to prevent, detect or investigate financial crime including fraud or other criminal activity, we may share your data with other companies (including private investigators), organisations (including fraud prevention agencies and databases), public bodies (including the police) and associations and credit reference agencies;
- we will not share your medical information with anyone other than yourself without your consent except as described in the next bullet point. This includes your employer, spouse, other relatives, friends or your legal or professional adviser. In some circumstances, it may be appropriate to advise your employer about your medical information, for example, to recommend alternative supportive therapy. However, we will seek your consent in such circumstances;
- for employer-related products and services only, some medical information related to underwriting decisions and non-medical information about you necessary for lawful policy and claim administration purposes will be shared with your employer;
- we will not share non-medical information concerning you with your spouse, other relatives, friends or your legal or professional adviser unless you provide your consent to us in writing;
- for insurance related products, with your own doctor or relevant medical professionals;
- with selected third-party suppliers for the purposes of statistical analysis to help us improve our products, services and processes;
- with selected third-party research agencies and providers of market research services, including customer feedback surveys; and/or
- in any circumstances if permitted or required to do so by law or if we have your consent to do so.

International Transfers

Given the global nature of our business, we use third party suppliers and outsourced services (including cloud-based services), which can require transfers of personal data outside of the EEA and countries that have an EU adequacy decision. In doing so, we ensure there are contractual arrangements in place with those organisations who have organisational and technical measures to protect your personal data.

Retention of your personal data

We will keep your personal data only for so long as is necessary and for the purpose for which it was originally collected. In particular, for so long as there is any possibility that either you or we may wish to bring a legal claim under this insurance, or where we are required to keep your personal data due to legal or regulatory reasons.

Part A – Data Protection Notice

Post Brexit – UK departure from the European Union

On 31 January 2020 the UK left the European Union ('EU'), ceasing to be a member. EU law requires that all entities processing the data of EU citizens that are not established in the EU designate in writing a Representative in the EU to be addressed in addition to or instead of that entity by EU citizens on all issues related to data processing. In order to meet our requirements, each Canada Life entity listed above which processes the personal data of EU citizens has designated Canada Life Irish Holding Company Limited, an Irish registered entity within the Canada Life group, as its Representative. The Representative may also be called upon to cooperate with competent supervisory authorities with regard to ensuring compliance with the General Data Protection Regulation ('GDPR').

Contractual clauses in place between Canada Life and its group entities and external suppliers are compliant with the GDPR, which ensures that personal data provided to Canada Life is processed in accordance with our instructions and the requirements of the GDPR. Canada Life will continue to follow and apply all appropriate data protection legislation including that provided by the UK Government and the Information Commissioner's Office (ICO) with regards to data protection.

YOUR RIGHTS AND CONTACT DETAILS OF THE INFORMATION COMMISSIONER'S OFFICE (ICO)

You may have the right to require us to:

- provide you with further details on the use we make of your personal data or your special categories of data;
- provide you with a copy of the personal data that you have provided to us or which we hold;
- update any inaccuracies in the personal data we hold;
- delete any special category of data or personal data for which we no longer have lawful grounds to use;
- cease processing of your personal data that is based on consent, by withdrawing your consent to that particular processing;
- cease any processing based on legitimate interests grounds, unless our reasons for undertaking that processing outweigh any prejudice to your data protection rights; and
- restrict how we use your personal data whilst a complaint is being investigated.

In certain circumstances, we may need to restrict the rights listed above in order to safeguard the public interest (e.g. the prevention or detection of crime), our interests (e.g. the maintenance of our legal responsibilities) and for the performance of our contract with an employer who is the policyholder for employer-related products and services.

Data Protection Officer (DPO)

If you have any questions, or complaints, in relation to our use of your personal data, you should first contact our DPO, on the details below:

**Canada Life Limited,
Canada Life Place,
Potters Bar,

Q&As

What medical information should I provide with this form?

This could include any of the following:

- ☐ A letter from the GP confirming the history, diagnosis and treatment
- ☐ Hospital admission and discharge letters
- ☐ Copies of letters from your treating doctor or specialist
- ☐ Biopsy and/or histology test results
- ☐ Reports/results of any scans

I have a lot of paperwork. Do I have to provide all letters from the specialist and doctor?

We do not need to see copies of your appointment letters or sick notes. In addition, the information we require should be in respect of the insured illness for which you are claiming benefit.

I do not have this information available. Will this prevent Canada Life from making a decision on the claim?

No. We can write to your GP and/or specialist for this information, although we will not be able to make a decision on the claim until we have received this information from them.

In addition we will initially require:

- ☐ Where a spouse's or civil partner's benefit is being claimed, an original copy of the spouse's marriage certificate or civil partnership document.
- ☐ If the policy includes cover for co-habiting partners and the claim is being made for this benefit, we will require documentary evidence of the relationship, such as mortgage documentation, a utility bill or bank statement.
- ☐ Where a child benefit is being claimed, an original copy of the birth certificate, legal adoption certificate or Special Guardianship Order, if applicable.
- ☐ If the child is 18 years or older, we will also need documentary evidence they are in full-time education.

Access to medical reports – your rights

We may need to get medical reports in order to assess this claim in respect of you. Before we can ask any doctor that you have consulted to fill in a report, we need your permission under the Access to Medical Reports Act 1988, or the Access to Personal Files and Medical Reports (Northern Ireland) Order 1991.

The medical report your doctor fills in asks about the following:

1

Your current health

- Any care, medication or treatment you are currently receiving.
- The results of referrals or tests you are waiting for.
- Any time off work in the last three years.

2

Your past health

- Details of any relevant illness, trauma, or referrals for specialist advice or treatment, hospital admissions, consultations with your GP or any other medical adviser, therapist or counsellor, in particular whether you have a history of:
 - malignancy (cancer), cardiovascular (heart) disease, diabetes, and degenerative (gradually worsening) diseases;
 - musculoskeletal disease or injury, for example, arthritis, rheumatism, back problems or any other disorder of the joints or muscles;
 - anxiety, depression, neurosis (such as phobias, obsessions etc.), psychosis (a mental disorder where you lose contact with reality), stress or fatigue; suicidal thoughts or attempts at suicide; or
 - conditions related to drug or alcohol misuse or smoking or chewing tobacco.
- Details of any biopsies, blood tests, electrocardiograms (heart tests), height, weight if measured in the last two years, urinalyses (tests on urine), x-rays or other investigations.
- Any blood pressure readings in the last three years.
- Any history of disease among your parents or brothers or sisters that you have told your doctor about.

3

We have asked your doctor not to reveal information about:

- negative tests for HIV, hepatitis B or C;
- any sexually-transmitted diseases unless there could be long-term effects on your health; or
- predictive genetic test results unless there is a favourable test result which shows that you have not inherited a condition your family suffers from.

Your rights under the act are as follows:

- You do not need to give your permission, but if you do not, we may not be able to assess this claim in respect of you.
- This does not prevent you from applying personally to other companies for insurance.
- You can ask to see the report before the doctor returns it to us. If this is the case, we will tell the doctor to keep the report for 21 days so that you can arrange to see it. If you have not made arrangements to see the report within this time, your doctor will send the report to us.
- If you choose not to see the report at this stage, you may ask the doctor for a copy within six months of it being sent to us. We can send a copy of the report to your doctor if you ask to see it at a later date.
- If you think that any part of the report is not correct or is misleading, you may ask the doctor to amend it. If your doctor refuses to make the amendments, you may ask him or her to attach a statement outlining your views, which will then accompany the report.
- Your doctor can withhold access to the report if he or she feels that it would cause physical or mental harm to you or others.

Got a question

If you have any questions about your rights under the act or questions relating to the process of getting, assessing or storing medical information, please write to the **Data Protection Officer** or the **Head of Privacy and Data Protection** at Canada Life.
